Sifted Flour

by Kim Diehl 

Flour Patch Quilt

Designed by Kim Diehl

Finished Size: 60.5" x 60.5" (1.53m x 1.53m)

Technique: Pieced

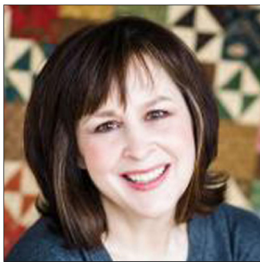

Pattern available at www.henryglassfabrics.net

Ordering Guide on Back Page

This beautifully colored quilting collection has a little secret – while the fabrics appear to be solids, they’ve been gently dusted with a sprinkling of texture resembling sifted flour for added depth, dimension, and richness. Without the calories! The FREE sampler-style Flour Patch quilt shown will be available exclusively to quilt shops purchasing the entire collection, using a password provided when the goods ship. This patchwork quilt can be kitted as a solo project, or the handout can be printed in segments and offered as a six-part Quilt Along Club to increase traffic into your shop. The choice is yours!

Sifted Flour

by Kim Diehl 

After falling in love with a sampler quilt in the late 1990s, Kim impulsively purchased the pattern, taught herself the steps needed to make it and realized she was completely smitten with quilting. With just her third quilt, she became the winner of American Patchwork & Quilting magazine's 1998 Pieces of the Past quilt challenge, turning her life down an unexpected path as her new-found hobby blossomed into a full-time career. Kim's favorite quilts include traditionally-inspired patchwork designs, especially when combined with appliqué. She loves stitching her projects using modern techniques for an ideal blend of simplicity, ease and charm. The popularity of Kim's quilting methods and her "Simple" series of books with Martingale & Co. led to an extensive teaching schedule for several years, until she retired from travel in 2015. Spending her days at home once again has given Kim time for all of the things she loves most – designing and stitching, gardening, cooking, antiquing and most especially, grandbabies!

Insider Information

- 1. A rich color palette that coordinates beautifully with all of Kim's other collections.
- 2. Subtle textures add depth and interest, whether used on their own or paired with prints.
- 3. Like a light dusting of sifted flour, these designs blend seamlessly to enhance every project.
