

## Kim Diehl's Annual **SIMPLE WHATNOTS CLUB 10**

What began as a small dream and a simple idea has grown into ten collections of Simple Whatnots Club projects, and we're so appreciative of your support and loyalty in helping us achieve this milestone!

As a special thank you to shops participating in **SWC10**, we'll be revealing and offering a downloadable bonus sampler quilt design **mid-summer, 2021**, through the Henry Glass website! To enable you to easily plan and offer this extra project to your customers, **Gratitude & Grace** yardage requirements are provided below. As always, please refer to the handout when cutting fabrics and preparing kits.
